Back in the day, the private server development community was full of enthusiastic people, eager to do their best to contribute to the emulating projects.. Dear Players!How To Get Addons Tauriwow On KodiHow To Get Addons Tauriwow On MacAs some of you know already, we have been developing our servers since Vanilla.

We got a lot of help from the MaNGOS team and we also shared our code with them, which made the whole scene so exciting and positive.
